New Zealand Christians working together

“ New Zealand society is in a period of significant change, much of it away from Christian faith and values. Christian voices in society are either ignored or scorned.

We need Christians to work together. We need the church in better shape. We need Christian voices which are faithful, sensible, and well-informed. ”

What is the New Zealand Christian Network?

NZCN is a collaborative New Zealand network of Christian people, churches, and organisations, established in 2002 by an inter-denominational forum of church leaders to help the church in New Zealand be more united and effective, and to present a reasoned, well-researched Christian voice on public issues to media and government. Our whakapapa goes back to the World Evangelical Alliance (1846 –), the Evangelical Alliance (NZ), the Evangelical Fellowship of New Zealand, and Vision NZ.

We uphold historic Christian faith, reflecting a moderate biblical-evangelical perspective. We work across the denominations, and seek to serve the whole church, and to speak into both church and society. We provide platforms for united prayer, fellowship, and networking.

NZCN is not a council of churches but is involved with the National Church Leaders of Aotearoa New Zealand (many of them are also on our Board of Reference).

NZCN helps bring New Zealand Christians together in greater unity, through...

- ▶ newsletters, website, and social media
- ▶ prayer breakfasts
- ▶ NZCN's national online prayer movement, Pray As One NZ
- ▶ forums and conferences
- ▶ national events, especially the New Zealand Christian Leaders' Congress
- ▶ connecting with pastors' groups around the country
- ▶ affiliations and partnerships
- ▶ forming focus groups on particular issues
- ▶ networking and facilitating collaboration
- ▶ participating in forums and consultations led by others
- ▶ participating in and serving the National Church Leaders of Aotearoa New Zealand

NZCN helps resource, strengthen and build the church of Aotearoa, through...

- ▶ encouraging prayer, including online prayer and prayer breakfasts
- ▶ creating, curating, and disseminating useful resources to build up Christians and New Zealand churches
- ▶ bringing together New Zealand Christians for sharing, inspiration, and collaboration
- ▶ forming focus groups to work through difficult matters and facilitate better outcomes

NZCN seeks to speak constructively into New Zealand church and society...

with grace and truth, with faithfulness to the Gospel and the Bible, with research and reason. With respect, and with sensitivity to the changing realities of New Zealand's multi-faith, multi-generational, and liberalising society, we hold to the core tenets of the Christian faith.
